

Family Emergency Plan

Make sure your family has a plan in case of an emergency. Before an emergency happens, sit down together and decide how you will get in contact with each other, where you will go and what you will do in an emergency. Keep a copy of this plan in your emergency supply kit or another safe place where you can access it in the event of a disaster.

Write down where your family spends the most time: work, school and other places you frequent. Schools, daycare providers, workplace and apartment buildings should all have site-specific emergency plans that you and your family need to know about.
